Excused Absence: Dale Pike

Guest: Bart McDonough

Meeting called to order at 4:00

Public Comment opened at 4:01, no members of the public wished to speak, Public Comment closed at 4:01.

The group discussed requests for the Capital Improvement Program (CIP) for the 2023-2024 year. The group agreed to support CIP requests of \$50,000 for the Moonlight Brook Outfall Project and \$75,000 for the Schanda Park Improvements Project. All were in favor.

The group agreed not to request CIP funds for the Heron Point Bridge Project this year as it is considered a lower priority at this point.

There was discussion as to who should make the formal requests to the CIP Committee either the Conservation Committee or The Ad Hoc Riverfront Committee. It was agreed to pass the requests on to the Conservation Committee and let them pass the requests on to the CIP with any adjustments the Conservation Committee may make.

Bart discussed the Charrette Grant process and suggested he work with the group to develop proposals to be considered in the May-June 2023 time period.

Meeting ended at 5:18PM
